

Dear residents of Kippens,

My name is Paul Noseworthy and I'm running for Mayor of the Town of Kippens. I am a long-time resident of Kippens and I am proud to call this town my home. I have proudly served 12 years on Kippens Town Council; 4 years as Mayor, and 8 years as councillor.

I believe our town council needs consistency, stability, and experience. Kippens deserves a leader who will reflect the values of respect and diplomacy, possess effective communication skills, and have a natural ability to build relationships with employees, fellow members of council, and the residents of our fine community.

Kippens needs a strong, dependable voice; a person who can avail of opportunities, such as development, upgrades to our roads and infrastructure, and to explore and identify the paths by which this can occur. I believe that I am that person. I am that voice.

If elected, it is my intention to work with local and provincial governments, and the residents of our town to ensure that Kippens has a voice, and that our community moves forward.

**If I am given the opportunity, as Mayor, just a few of the items I will strive for over the next four years include:**

- Upgrade our existing infrastructure and roads
- Install a filtration system for the town's water system to help with lime and other impurities
- Upgrade and improve our recreation facilities, such as the playground, athletic fields, walking trails, and community centre
- Promote transparency of council actions and processes to residents
- Work with, and serve residents, recognizing and nurturing the immense potential of our community
- Engage our senior residents to address their concerns, and explore programs, activities, and other opportunities to enrich their lives. I will acknowledge the tremendous contributions of our seniors, that made Kippens the beautiful and thriving town it is today.

- Continue the beautification of our town's green spaces
- Attract new small businesses to our community
- Continue to support Kippens' volunteer fire department and emergency response organizations and the vital services they provide
- Support our town's volunteers, without whom, activities such as the summer recreation program, winter carnival, special events, and the services of our volunteer fire department, would not be possible
- Collaborate with other municipalities, community groups, and the Government of Newfoundland and Labrador, to attract and retain physicians for the area

**During my 12 years of serving on Kippens Town Council, the following are a few of the initiatives I am proud to say that I was a part of:**

- Beautification of the town
- Improvements to the baseball fields
- Digital sign installation on Kippens Road
- Implemented fall clean-up week
- Acquired a new fire truck, sand truck, and pickup truck
- Construction of the town gazebo
- Initiating the upgrades to Island Pond Drive and the second phase of Orchard Lane
- Feasibility study and engineering design for a new recreation centre
- Green initiatives, community garden, grubbing site

I respectfully ask for your support on Election Day, November 30th.

Let's move forward together!

Sincerely,

Paul V. Noseworthy
